

March 29, 1973

(Start Belt #20)

PRESIDENT: Senator Warner do you want to request your, excuse me do you want to discuss your request here to bracket 359?

SENATOR WARNER: Request to bracket only because I'm getting more information on a part of it with the Attorney General, and I'm not in receipt of it yet, and I'm not sure how soon I'll have it.

PRESIDENT: Any objections to bracketing the bill, Senator Cavanaugh do you object to bracketing the bill, okay, so ordered, the bill is bracketed then. Move on to LB 290, Senator Cavanaugh.

SENATOR CAVANAUGH: Mr. President I would request leave of the Chair to return to this discussion, we had earlier, I don't think that you were present at that time, but it was promised by the Chair that we could return to this discussion of Dr. Anderson in the minority report when Senator Barnett returned, well Senator Barnett has returned, I discussed it with him again, and he has again left, so at this time I would, it appears that there is some reluctance on the part of minority and they are not discussed it with several members and they are not willing to disclose the reason for their reluctance to release this report, their minority report the members of legislature, so I would make a motion that the minority report of the committee on committees be submitted to this legislature not later than Tuesday of next week.

PRESIDENT: Is there further discussion of that motion? Senator Whitney.

SENATOR WHITNEY: Mr. President, members of the legislature, just thirty eight seconds ago, the minority report has been given to me, and so here it is, and it's several pages long, it includes some newspaper items and so I shall try to make this available, I haven't seen it yet, I haven't fingered through it yet, and it hasn't been proof read yet, according to his statement, and so I shall try and take care of this Senator Cavanaugh as quickly as I can.

PRESIDENT: Senator Cavanaugh do you want to withdraw your motion?

SENATOR CAVANAUGH: Yes Mr. President I withdraw my motion.

PRESIDENT: Senator Cavanaugh asking unanimous consent to withdraw his motion, are there objections? Hearing none, so ordered. The motion is withdrawn. General File consideration of LB 290.

CLERK: Title Read LB 290. There are committee amendments by Senator Kremer's Public Works Committee.

PRESIDENT: The Chair recognizes Senator Kremer.

SENATOR KREMER: Mr. Chairman, LB 290 is designed to insure quick enforcement of the law according to drunk driving, regarding drunk driving, and it provides that if a person and Senator DeCamp will explain it more in detail, that when a driver is placed on probation he will not drive for a period of time, 30 days, what the amendment does it provides that the Director of Motor Vehicles shall develop a model probation program and the dispensation of powers would be under the jurisdiction of the court system which may or may not suspend a drivers license depending upon their probation, is granted or not, whether it is granted or not, so this is what the amendment does. It requires that a probation program be set up which would make the bill a good bill in my opinion, and I ask for adoption of the committee amendment.
